

Application for Registration of an Aircraft

This form is used to apply for the registration of an aircraft that is not currently on the New Zealand Register of Aircraft and to seek the grant of a new Certificate of Registration, under Part 47 of the Civil Aviation Rules.

For more information see Advisory Circular AC47-1. Payment of the \$296.00 fee must accompany this form. Incomplete or unpaid applications will not be processed and may cause delays in processing the application while follow up information/fee is sort.

When should this form be used?

Use this form if you have lawful entitlement to possession of an aircraft for a period of 28 days or longer and wish to register it on the New Zealand register of aircraft, and for a Certificate of Registration to be granted. The aircraft must not currently be on the register of aircraft.

Section 2 of the Civil Aviation Act 1990 defines "owner" of an aircraft to be the person lawfully entitled to possession of the aircraft for 28 days or longer. Although the Act and Rules refer to owner, a Certificate of Registration is not legal title for the aircraft – it is simply a record of the person who is responsible for the aircraft. It is the "owner's" responsibility under the Act and Rules to notify the CAA of any change in possession that would require a change in the registered owner of the aircraft.

Who should complete this form?

This form is to be completed by the person(s) having lawful entitlement to possession of an aircraft for 28 days or more.

Where there is more than one owner/operator eg, syndicate or partnership, the owner/operator will need to decide who will sign the form and become the contact for the CAA. In the case of partnerships and syndicates the CAA requires full names, addresses, contact numbers and CAA client numbers (if applicable) of all members, and a completed Fit and Proper persons questionnaire (24047/2) completed by each member.

Maintenance providers and/or aircraft sales agents **cannot** sign the form on behalf of the applicant.
